New Zealand South Island

If you're coming to New Zealand, the South Island is a must. Offering some of the best scenery in the world, it's where soaring alps meet lakes and sounds, and sweeping plains meet rugged coastlines.

The South Island offers the very best experiences all year round, with each season being defined by its character and beauty.

Touch of Spice design and curate once-in-a-lifetime experiences taking you above and beyond the norm. Stand up paddle board on an alpine lake, dine a top a mountain peak, heli-ski and snowmobile on private ski fields, gain access to exclusive cellar doors, dine privately in some of New Zealand's most renowned restaurants and fly into the sounds before diving for a crayfish lunch from your privately chartered boat.

All experiences are customized to our guests' needs, with no two itineraries ever being the same.
